

Printing your Listing Domain Website as a Flyer

1 If you would like to remove the website information from the top and bottom of your flyer please follow the next 2 steps.

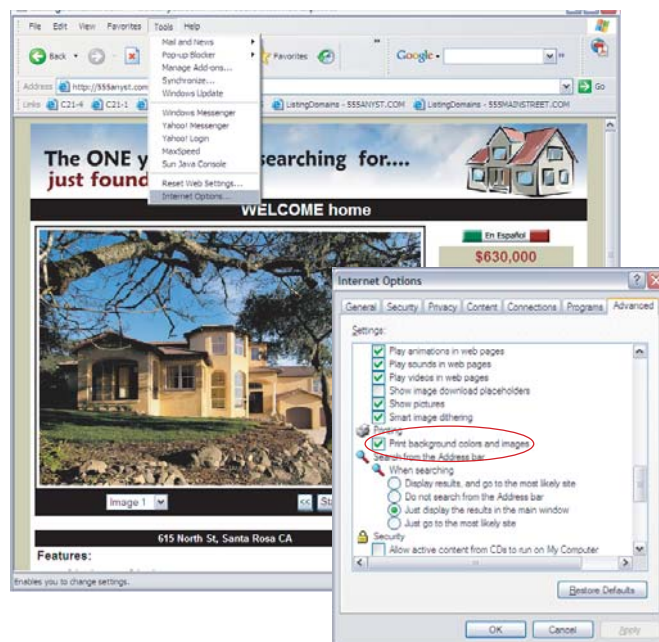

From INTERNET EXPLORER, click on the **File** tab located on the top right side of the menu bar. Scroll down and select **Page Setup**.

2 Remove all the text located in the **Header** and **Footer** boxes.

From this page you can also adjust your top and bottom margins so that your flyer prints in the center of the page. Click **OK** when you are finished.

How-To Print Back Ground Colors and Images

When printing your flyer, you may wish to turn the background colors on so that the blue border appears on your flyer.

From INTERNET EXPLORER, click on **Tools**. Scroll down and select **Internet Options**. Click on the **Advanced** tab at the top. Scroll down and make sure that there is a check next to **Print background colors and images**.

Click **OK**.

4 From your Listing Domain website, click Print Flyer. This will bring up your print dialog box where you can choose your printer and how many copies you wish to print.
