Subject: RE: Stuff....

Merrill:

“Lochmueller Group chose to move to our new location on Bradley R. Smith Drive because it has quick and easy access to two interchanges and Troy is a wonderful community to do business in. Our new location makes it easy for our staff and our clients to get to us and it is easy to access our clients throughout the metro east. We have the beauty of open space and easy connections to so many communities. The City of Troy and local Chamber have been incredibly helpful and made our transition to our new location better than we could have hoped.” Jason Watters – Vice President

Thank you,

Jason A. Watters, PE
Vice President/Regional Manager
